Comprehensive teaching instruction for Persian calligraphy. This book contains 200 step-by-step lessons providing instructions for the entire Persian alphabet and instructions to combine letters. Even those who do not have Persian language knowledge can learn Farsi and calligraphy from this book.

The second volume of the book Nuqteh is a completion to the first volume. These two volumes cover all possible connections of letters. One of The advantage of this method is to give learners the confidence of learning like they are with a live instructor. Carefully designed color illustration with graphic pen moves in details, is a big help for not to be misdirected or miss any details which are the most common concern to delay learning. Estimated time to publish the second volume was 18 month after publishing the first volume. Requests, satisfactions, positive feed backs from language professors, and avoiding a gap between these two volumes from the professional perspective, caused to expedite timing for the second volume for 8 month earlier than estimation. Now the book slogan"A New, Easy, And Effective Method" comes to stronger belief! Apart from enhancing and improving calligraphy skills, there is a tremendous meditative potential in Persia calligraphy (NASTALIQ). If you would like to discover this potential and empower yourself in connection with the infinite source of energy, the author has been working on a text book in this respect, but to get benefits out of such book, understanding of flow of letters, how they are formed, where they come from and where they go and many other facts are necessary which are covered in these two volumes. Whether you want to achieve a higher professional calligraphy skill level, or your vision is to the meditative of this mysterious calligraphy, these 2 volumes are available for both and also a good gift to whom might be interested to see what is coming from an ancient empire and like to research and pass their knowledge to others.

This is the revised edition of original hard copy edition that was published in 1995. totally updated it is now available only in soft cover.

This is the previously untold story of a 1950s gay teenager who runs away from home, setting out on an adventure that redefines his life and puts him in the midst of the civil rights struggle of gay people across the United States of America spanning a half-century. Born in 1939, Jim Foshee lives his young life openly, honestly and defiantly in the underground world of homosexuals and early queer subculture decades before that lifestyle eventually progressed into a modern LGBTQ society. This biography is an intimate portrait of gay life in the 1950s and beyond into a new millennium. It takes readers on a unique and personal journey through a part of American history as seen through the eyes of this gay American-an exploration seldom revealed in American literature. Reviews "Jim Foshee was an intrepid community-based researcher of LGBT history who, long before historic newspapers and books were digitized, read through them page by dusty page, and sent me amazing discoveries, enriching my own work to recover an unknown past. I'm delighted that Jim's own fascinating, poignant history is now honored in this wonderful biography."- Jonathan Ned Katz, author, Gay American History, Gay Lesbian Almanac and Love Stories "This compelling story recounts the life of a gay man born in the late 1930s. He is defiant and resilient, flawed and complicated. This touching narrative left me feeling that I belong to a lineage of older, passed, LGBT individuals who lived in the complex, troubled, gay humanity of the 1940s, 1950s and beyond-embedded with burden yet conquered through perseverance." - Dr. Ramon Silvestre, GLBT Historical Society, San Francisco

In 1978, the Skala Benevolent Society (SBS) published a Yizkor [memorial] book called Skala. The book was written by the town s (shtetl s) former Jewish residents who either had survived the Holocaust or had been born in Skala and previously had emigrated. Its purpose was to honor Skala s Jewish community, which had been annihilated by the Nazis and their cohorts. Most of the contributors to the original book were the survivors themselves, who felt a deep inner compulsion and moral obligation to those who perished, to tell the story of Jewish Skala and to share with their children and future generations their memories of suffering, struggle and loss. The Yizkor book was written primarily in Yiddish and Hebrew and was largely inaccessible to many modern researchers, most of whose families came from this shtetl. Skala on the River Zbrucz, a translation of the entire Yizkor book into English, now has been published by the Skala Research Group (whose members are investigating their roots in Skala) and the SBS. Situated in eastern Galicia and once ruled by Austro-Hungary, the town of Skala was part of Poland during World War II. It now is called Skala Podl ska and is part of Ukraine. The Skala Yizkor book includes articles, photographs, and documents on the history of the town s Jews from the 15th century up to and including the Holocaust, when the Jewish community was completely destroyed. This material recalls a once vibrant shtetl, its people, the environment in which they lived, their hopes, dreams and struggles for survival. The Yizkor book also describes the tragic events of the Holocaust, stories of those who survived and provides a list of Skala s Holocaust victims and survivors. The English translation contains a new chapter about the town s righteous gentiles who saved Jews during the Holocaust, as well as photographs showing Skala as it is today. It is a precious legacy that deserves to be preserved.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

In the 87 issues of Snow Country published between 1988 and 1999, the reader can find the defining coverage of mountain resorts, ski technique and equipment, racing, cross-country touring, and the growing sport of snowboarding during a period of radical change. The award-winning magazine of mountain sports and living tracks the environmental impact of ski area development, and people moving to the mountains to work and live.

After losing her memory in a violent mugging 5 years ago, Tara has been unsure of her place in the world. When her stepdaughter is involved in a car crash, her past comes back to show her where she really belongs.
